WHAT TO EXPECT IN A SOUL SHAMANISM SESSION?

In person:

*Wear loose, comfortable clothes. (Fully clothed session)
Drink water before to help with the detox, bring a water bottle, and plan to drink water afterwards. As you come to the session, think of what you would like to work with for your highest good. I will pendulum test your chakras, and go about the body finding blockages, and somatic/emotional releases, traumas, gunk, entities, or attachments, lineage release, past life resolution, inner child resolution, etc. General house cleaning of your Cosmic Vehicle, your body. Often Archangels come in, past lives reveal themselves, small child traumas, and birth issues arise. We try to "pull the plug" on the core issue and allow the spiraling subsequent*

traumas to release at their own rate

Making room to raise your vibrational frequency to fill where the old negative beliefs and vibrations were housed. "A spiritual house cleaning". Integrating the True You, with your Higher Self... Blue Print of happiness, healthiness, and Holiness.... Wholeness.

Sat Nam.

Distance/channeled soul listening:

This is done early in the morning. Using the full name and birthdate of the person or child, opening the Akashic records... connecting to my Guides and channel automatic writing. The Guides and Wisdom Keepers tell the Soul of the client what issue they are looking to resolve and learn from. As the session proceeds, the view of the client changes and a more open, happy, ... self-healing occurs from a deep emotional/cellular memory level. Chakras are cleared of negative beliefs, lineage issues and curses are resolved. Soul answers are listened to, and a sense of being witnessed ensues. Deeply held in Unconditional Loving Kindness by the Divine Mother, and the Divine Father Principals. Often, we will do a Soul Retrieval to find the lost child and the Soul Fragment, bring them back to love and harmony. Embodying a sense of the aspects that were missing, finding a wholeness that is innate within the Soul, wholeness, happiness, clarity, and receiving love..

I read the written channeled session to you, and record it on an mp3 email

Helping children, loved ones, for birthdays, rites of passage, passings, ...

all over the world!

Distance/phone soul alchemy, Soul Chat

With our phone sessions, in the comfort of your own home. No hurry, worry. Often, I suggest lying on your bed, water in hand, phone on speaker and off together we go on a magical mystery tour! Using Alchemy Breath, and telepathic empathic synchronicity we engage on an experiential journey. Tuning in with checking and clearing your charkas with a pendulum. Being guided by my guides and yours...we work with your life issues at hand, to balance, harmonize and reorient you into a more empowered, happy, healthy and holy integration. Often we go on a regression to a younger child's age, and core issue trauma. Or I ask my Guides to go on a Soul Retrieval for the young child's lost fragment of their Soul... to reintegrate. Lots of processing chat, grounding the higher vibrations into your life. Releasing past fears, illnesses, and anxiety, opening into a more fearless, integrated with the adult, empowered True Self!*

Session tape recorded as mp3 audio files and then emailed to you.
